

DL-2068R

Features:

- Dual Die Sets for 6P and 8P plugs
- 3-in-1 function: Cut, strip, crimp
- Ratchet mechanism
- Straight motion and precise crimping
- Crimping depth adjustable mechanism

Description:

Professional modular crimp for 6P and 8P plugs, with ratchet mechanism and 3-in-1 functions. This tool alone can cut the cable, strip the cable, and crimp the modular plug. The crimping depth is adjustable. This tool has straight motion and precise crimping, which gives you the easiest installation experience.

Specification:

Connector	8P8C RJ-45, 6P6C RJ-12, 6P4C RJ-11, 6P2C
Cable	UTP, STP, Phone
Ratchet	Yes
Materials	Main Body: Low carbon steel with hardened black oxide finish
Dimensions	210 x 70 (mm)
Weight	390g
