

VC-1300

Features:

- 16 converter slots
- 19" rack mountable, 2U
- Designed to fit stand alone modular converters
- Management function

Description:

Media Converter Chassis, 16 Slots for standalone media converters. The chassis provides centered power supply to the installed media converters and serves as a converter center and wiring concentrator. The power system is featured with power redundancy for commercial AD and DC power input. For easy monitoring the media converter operation in each slot, the chassis comes with many network management interfaces.

Specification:

Approval	FCC class A, CE class A
LED Indication	Power1, Power2, CPU status, Fan Status, Console Rx status, port link status
Management	In-band console support Web-based SNMP trap Telnet
Mounting	19" Rack, 2U
Number of Slots	16
